Storm Manufacturing Group
F.C. Kingston Company Division of Storm Manufacturing Group
23201 Normandie Ave.
Torrance, California 90501
United States

Dear Kevin Slupski,

Tests were performed at the National Board Testing Laboratory for the below Capacity Certification, as required by the Sections of the ASME Code listed in the scope below.

Based on the tests referenced below:

Storm Manufacturing Group is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

SCOPE OF CERTIFICATION

Capacity Certification Number: 35008

Valve Type: 110C

ASME Code Section(s): UV

Media: Air, Gas

Organization Type: Manufacturer

Manufacturer: Storm Manufacturing Group

Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/Index>

Expiration Date: October 18, 2028

Please feel free to contact us with any questions.

Sincerely,

Gidget Fausnaugh
