F.C. Kingston Company Division of Storm Manufacturing Group
23201 Normandie Ave.
Torrance, California 90501
United States

Dear Kevin Slupski,

Tests were performed at the National Board Testing Laboratory for the below Capacity Certification, as required by the Sections of the ASME Code listed in the scope below.

Based on the tests referenced below:

F.C. Kingston Company Division of Storm Manufacturing Group is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

SCOPE OF CERTIFICATION

Capacity Certification Number: 35222

Valve Type: KNGM45

ASME Code Designator(s): UV

Media: Air, Gas, Steam

Organization Type: Manufacturer

Manufacturer: F.C. Kingston Company Division of Storm Manufacturing Group

Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/Index>

Expiration Date: April 30, 2031

Please feel free to contact us with any questions.

Sincerely,

Heidi Metzmaier
